Multidisciplinary Diabetes Care

Joslin Diabetes Center
 Affiliate at Providence Hospital

REAL MEDICINE™

SOUTHEAST MICHIGAN'S FIRST

JOSLIN DIABETES CENTER

Joslin Diabetes Center is the national leader in multidisciplinary diabetes care and research. Our affiliation with this nationally recognized institution enables us to offer the highest level of diabetes care.

MULTIDISCIPLINARY APPROACH

We take a multidisciplinary approach to diabetes care – working to play a significant role in improving the lives of patients with diabetes.

Our team includes:

- Board Certified Endocrinologist
- Board Certified Internist
- Clinical Nurse Specialist
- Certified Diabetes Educators
- Registered Dieticians
- Registered Nurses
- Clinical Support Staff

ABOUT JOSLIN

Joslin Diabetes Center – an affiliate of Harvard Medical School – is the national leader in clinical care, treatment and research related to diabetes and its complications. Joslin was founded more than 100 years ago and is now the nation's largest institution dedicated exclusively to diabetes.

Researchers at Joslin are searching for a cure for diabetes and working to help people with diabetes lead longer and healthier lives.

ABOUT PROVIDENCE

Providence Park Hospital in Novi and Providence Hospital in Southfield are part of St. John Health, the largest health system in southeast Michigan with 125 medical centers and nine hospitals in five counties. St. John Health is part of Ascension Health, the nation's largest non-profit health system.

DIABETES FACTS

- More than 20 million Americans have diabetes.
- Diabetes is the fifth leading cause of death in the United States and the third leading cause among some minority groups.
- Approximately 65 percent of people with diabetes are at an increased risk for complications such as stroke or heart attack.
- Diabetes is treatable.
- Today, there are more options for treating diabetes than ever before.
- Lifestyle changes acquired through education can have a positive impact on diabetes management.
