

HAND REHABILITATION

REFERRING AND SCHEDULING

Referrals to and appointments at any of St. John Health's (SJH) locations offering hand rehabilitation services can be made by calling one of the locations listed on the back.

PROFESSIONAL STAFFING

Specialty hand rehabilitation services offered through SJH's Physical Rehabilitation are administered by nationally recognized practicing therapists. They facilitate state-of-the-art regimes in the treatment of wrist and hand disorders. These treatment regimes are designed to provide and expedite optimum functional results. They maintain a high standard of expertise in wrist and hand injury prevention, rehabilitation and research. Many of our specialists are nationally certified.

GOAL OF PROGRAM

The goal of SJH Physical Rehabilitation's Hand Therapy program is to provide current, comprehensive and high quality treatment to maximize patient function. Our services are not only comprehensive but also augmented by a broad network of services offered throughout SJH with patient education as an integral component.

COMPONENTS OF THE PROGRAM

The experts in our Hand Therapy program will tailor a program to fit your needs. Appointments are scheduled to maximize therapeutic benefits and include the following services:

- Comprehensive evaluation and treatment
- Post-operative splinting
- Scar management
- Work injury rehabilitation
- Treatment of cumulative trauma disorders
- Ergonomic assessment
- Functional re-training
- Orthotic/prosthetic intervention

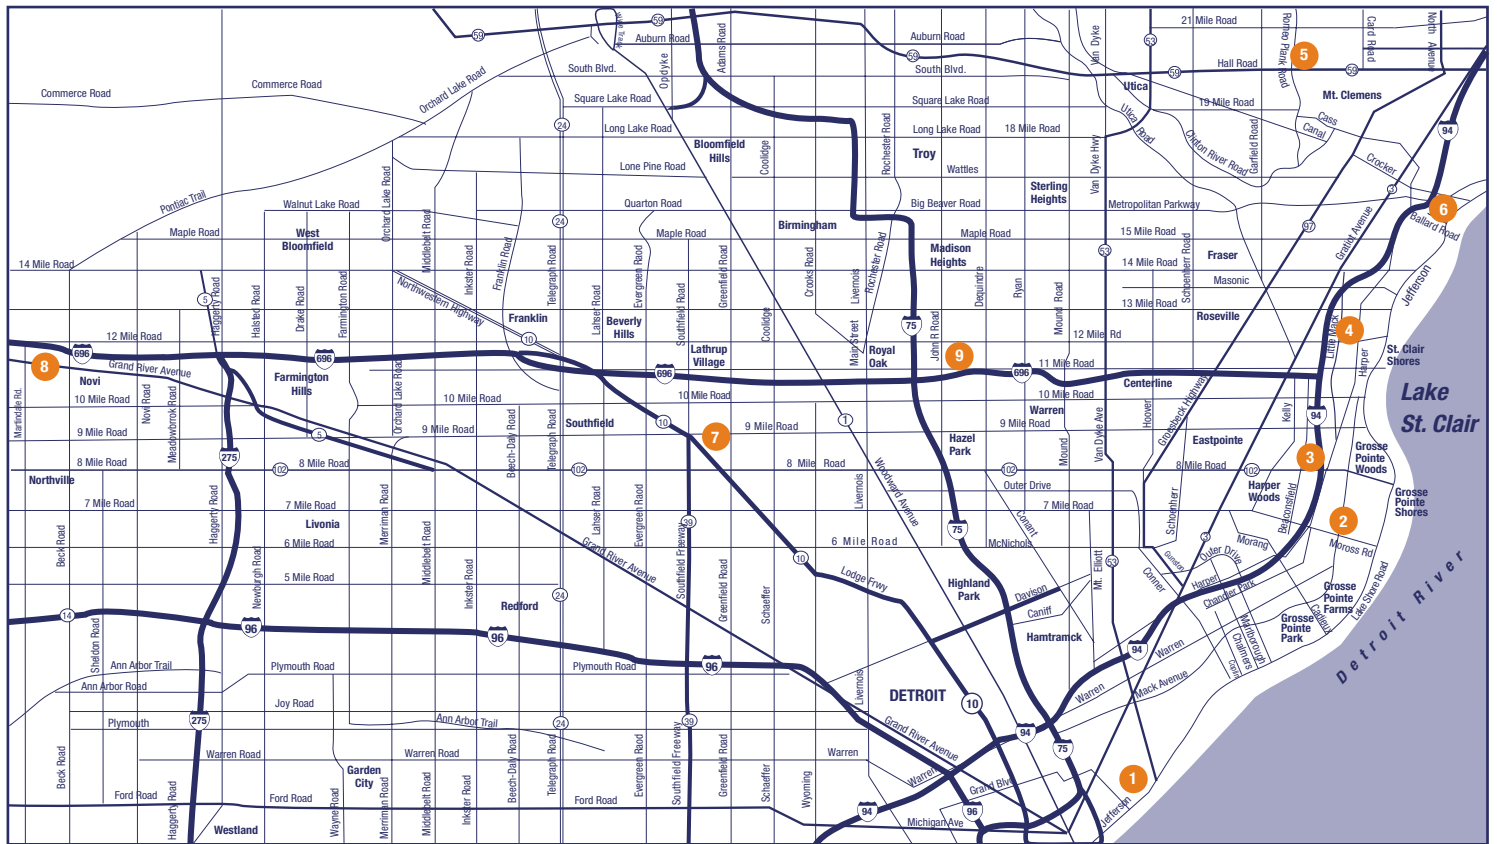

SUPPORT SERVICES

SJH provides a broad network of services to further support the Hand Therapy program. Among these services are: Wound Care/Soft Tissue and Scar Control; Full Orthopedic Care; Post Micro-vascular Surgery Rehabilitation; Arthritis Deformity Prevention Screening; Cumulative Trauma Care and Ergonomics; Return to Work Assessments; Orthopedic and Orthotic/Prosthetic Provisions and Training; Lymphedema Management; Pain Management; Trauma Care; and Splint Fabrication and Management.
